Laravel

Composer update - Update failed (The zip extension and unzip command are both missing, skipping. Your command-line PHP is using multiple ini files. Run `php --ini` to show them.)

sudo apt-get install zip unzip php-zip then run this sudo phpenmod zip and then sudo service apache2 restart

https://stackoverflow.com/questions/41274829/php-error-the-zip-extension-and-unzip-command-are-both-missing-skipping
